About Buffet

“Buffet is a style of food service in which the varieties of ready food dishes are displayed according to the sequence on the table either hot or cold and Guest’s serve those foods themselves”.

Generally, buffet is a self-service style of dining in which the customer pays a fixed price for having food and is entitled to select as much food as he or she wants.

Actually, in a restaurant customer pays a price for having food and they serve food themselves by maintaining a line from where different kinds of ready foods are displayed in different dishes to eat, like. Starter, rice, bread, curry, vegetable, meat, fish, water, beverage and dessert is called Buffet.

Buffet dining style is such a style of having food which is very popular in hundreds of countries like USA, Canada, Australia, and Sweden. Actually the concept of buffet style dining is credited to the Swedish tradition.

There are some rules in buffet style dining, which are: Food should be displayed to guests in different dishes. Food should be fresh and at a natural temperature. Keep efficient staff to handle the buffet system. Have to keep enough ready food so that food can be served easily to all customers/guests. Some staff should stay beside the buffet with neat and clean attire and be ready to follow customer/guest’s order. And they should describe about foods. And follow the customer/guest’s requirements.

In the present age buffet-style dining has become very popular all over the world because buffet is such a style of serving food where there is no problem to get food by wish and choose oneself. And there is no probability of wasting food unnecessarily. Buffet system can control one’s own portion size and side dishes. And now a days if you look to any kind of occasions like wedding, holiday party, general party then you will find that there are buffet style dining is arranged.
